Viewing of 'PG' Rated Media

At times, teachers may wish to screen DVDs for students which support and enhance student learning. DVDs which are 'G' rated may be shown without parent consent, however viewing 'PG' rated DVDs requires written permission from parents/guardians. Consent to your child viewing DVDs in the 'PG' category will assist with classroom programs and planning across the school. Wherever possible you will be informed prior to your child viewing 'PG' rated movies.

Student Photos and Work for Displays, Media & Website

Photographs or digital footage of students involved in a range of curriculum programs and school activities is often recorded. Sometimes these images are selected for publication on our school website or Facebook page, in the school newsletter, displays in and out of the school, in the local media, or in external publications such as magazines.

If your child is included in photographs or other digital content recorded during school activities that is selected for public display, we seek your permission for it to be used to publicise our programs and promote our school. Students' full names are not published with photographs/footage.

- I consent to my child viewing selected 'PG' rated films

I understand and agree to my child's image/digital content to be included in:

- School website
- School newsletter
- Displays in and out of school and OSHC
- External publications such as newspapers, brochures
